Nov 9-11	LAS VEGAS Veterans Day Challenge 18U	Perfect Game	2026 / 2025

****Additional Events may be added as needed**

SEE PAGE 2 for EVENT / WEEKEND DESCRIPTIONS

Here is a brief description of how the teams will be comprised each weekend:

Sept 7th & 8th

The SWWBC events at Indian School park we will have two teams. Underclass and Upperclass. This weekend will be used as a warm up and we will combine the 2027/28s in the Underclass and the 2025/26s in the Upperclass. This will be a fairly inexpensive event and we will be splitting time more than we will in other events. The goal is to kick off the rust and for coaches to get a look at all of the players.

Sept 13th - 16th

The **18U Perfect Game G-Form National Championship** will start on the 13th. This will be an Open roster focusing on the 2025s and including 2026s and possibly 2027s. Think of this as the Varsity team for the weekend. It will be by invite only based on everyone's availability.

In the **PBR Arizona Fall Championships** event we will have (2) teams in the UnderClass division and will make teams from the 2027s and 2028s. We should have room for most (if not all) of the UnderClass players for this weekend.

Sept 20th - 22nd

The **16U Perfect Game G-Form National Championship** will be an Open roster putting our best team that is *age or grade eligible* on the field. We will probably carry some extra players and some 2-way players may be asked to be POs for this event possibly. This will be invite only based on availability.

Sept 26th - 29th

This will be a VERY BUSY weekend with rosters being built from the top down. The **Senior Fall Classic** roster will be formed by the 2025s for the most part. We will have a couple players coming in for this as well. It is a "Showcase" format with scripted innings, but is a big recruiting event. This will be the most expensive per-player cost of the Fall.

For the **(2) Prospect National** Events, they are the Invite Only events that both the 16U and 18U teams qualified for this Summer. I expect them to be good events and the Director said he expects at least 30 Colleges to be there. We will probably have several players dual-rostered on the Fall Classic and Prospect National 18U teams and float between the two for different exposure. I expect that we will have room for all players that are available this weekend, but the Prospect National events are Invite Events so there will be a focus on the team doing well in these tournament and coached as such. With the 2025s in the AZFC event as their primary focus, we will most likely have many 2026 and 2027 players on the 18U roster. That is what I meant by built from the top down.

Oct 4th-6th

The **Sophomore Fall Classic** is the only event this weekend. It will be for the 2027 players and unlike the Senior Fall Classic, this is played as a tournament and not as a showcase. This is one of the Invite Only events for the Fall and there will be a focus on the team doing well and competing. We will pick the roster based on availability and should roster most of the 2027s for this weekend.
(The Upperclass players are off this weekend. We could invite 2028s to play this weekend as well)

Oct 11th-13th

The **Freshman Fall Classic** will be like the Sophomore Fall classic was the previous week. This is an Invite Only tournament and we will plan to roster most, if not all of our 2028s. There will be a focus on doing well as a team in the event.

The **PG Best of the West Fall World Series 17U** will be open to everyone that is age or grade eligible. This includes all 2027s, 2026s, and 2025s that are age eligible. We will probably carry a few more players on this roster and may ask some players to be POs or Primary pitchers for the weekend.

October 19th-20th and October 26th-27th

Currently there are no tournaments scheduled for these two weekends. We could add something for these weekends if needed to get more games for players.

Nov 2nd-3rd

For the **Baseball Showcase November Scout Classic** we will have an Underclass and Upperclass team in the event. This will be used as an event to get players playing time. We will not be focused on the results but rather using this as a place to give players that have not played as much as others early in the Fall to get the majority of the playing time.

Nov 9th-10th

I am listing (2) options for this weekend. We can either do:

Baseball Showcase Southwest World Series. This will be similar to the event from the previous week. It will be a low cost local event that will be used for getting kids reps.

****And/OR****

Perfect Game LAS VEGAS Veterans Day Challenge 16U and 18U is the same weekend and an option to get out of town one time during the Fall to play. I am willing to do this for the Upperclass team and if the 16U Team wants to do it as well we can take both groups.

Per player cost will be around \$125 for the Baseball Showcase or probably around \$250-\$300 for the Vegas event so you can decide which one you would rather so. I will follow up with everyone in a separate email to see what the consensus is.

This is the end of the planned schedule. If there is a need to add more events we will.
